

SHIMMERING COLLECTION EXTRA-FINE ARTISTS' WATERCOLORS

Meet the limited edition of shimmering collection in the extra-fine artists' watercolors White Nights. The colours complement the line of primary colors in the series; they can be used to place accents, add saturation and brightness to the work, and create additional decorative effects. The name of the colours reflects the properties of the shimmering particles in the composition – “Flare”, “Shimmer”, “Glow”, “Shine” are divided by size and gradation of iridescence. It share by the largest with a pronounced shine in “Flare” to delicate pearl-pearl in “Shine”.
